## **“Where to Now?”**

**Most of my work is created in Studio Seven at River District Arts (RDA) in Sperryville, VA. You are invited to stop by and visit while you watch me work.**

**I do commissioned work, portraits from photographs (animals and people) and depict special memories like winery engagements. I have a certificate in landscape design and do occasional commissioned LS work featuring native plants. Between commissions I paint and draw the story of our relationship with Nature (Green Sanctuary series), make seasonal ornaments from goose eggs, do gourd art.**

**Prints and notecards promoting favorite causes including the Virginia Bluebird Society and Central Virginia Horse Rescue are available.**

**I belong to the Firnew Farm Artist’s Circle (FFAC) in Madison County and participate in FFAC shows.**

**Stop by to check out my work, commission something special, talk shop, or share personal philosophies.**

**Kids and pets are welcome here.**
