

Paulo Neuhaus

Bio and Artist Statement, August 2021

My long-held interest in photography as a creative tool took a leap after I retired 13 years ago from a long career as an economist at a multilateral organization in Washington, DC.

Since then, my frequent domestic and international travels have exposed me to diverse sights and landscapes, which I have enjoyed shooting. My portfolio reflects my strong interest in color and composition. With the onset of the pandemic, I have narrowed my gaze, seeking visual stimulation from my home locations in Washington, DC and Sperryville, VA.

In 2017, I participated as a guest artist in the *Fall Tour of Artists of Rappahannock County* and in October 2019, I had a solo show at *Hazel River Arts and Antiques* in Washington, VA.

Since joining the *Middle Street Gallery* in Washington, VA, in summer 2020, I have participated in several group shows at that gallery.
